## EXPERIENCE

### Math Tutor | Feb 2023 – March 2025

- Tutored undergraduate students in Pre-Calculus, Calculus I, II, and III, providing individualized support to strengthen conceptual understanding and problem-solving skills
- Collaborated with a diverse team to plan and manage logistics for a hackathon supporting students in STEM.
- Assisted students with homework assignments, exam preparation, and study strategies tailored to their learning styles.
- Helped demystify abstract mathematical concepts by breaking down problems into manageable steps using clear and relatable explanations.

### Coding Instructor | Jan 2022 – Jan 2023

- Assisted in teaching an Introduction to Python course, supporting students in understanding fundamental programming concepts such as variables, control structures, functions, and data structures.
  - Provided one-on-one support during classroom activities, helping students debug code, understand error messages, and develop logical problem-solving strategies.
  - Graded homework assignments and exams consistently and efficiently, ensuring fairness and accuracy while aligning with course learning objectives.
- 

## EDUCATION

### University of Toronto | 2025

GIS, Mapping & Spatial Analysis Certificate

---
